

## The Course

An intensive, 5-day residential experience, this Course is the only one of its kind, combining realistic trading scenarios with informative lectures by industry experts on the strategies, principles and requirements of FX and broader OTC trading environments.

Aimed at individuals seeking to understand the dynamics and relationships of these markets, either to improve their understanding of their own working environment, further their career and/or gain CPD credits, this unique course provides real insight into the interaction between traders, sales, brokers, customers, middle and back office, risk, legal and compliance teams at all stages of the transaction lifecycle.

The Course is run in accordance with the FX Global Code and other Codes of Conduct that encourage best practice, integrity and professionalism in OTC markets. It is accredited in the UK for CPD credits.

Run in association with ACI Australia, the Course has been run for more than 20 years around the world including Australia, Bahrain, Denmark, Hungary, Kuwait, Kenya, Malaysia, New Zealand, Sri Lanka, South Africa, UK and USA.

DSC global sponsors

## Information

Course runs annually in the UK, at a residential location just outside central London.

Programme runs from 09:00 Monday and concludes with awards ceremony and black tie dinner (Friday evening). Delegates depart Saturday a.m.

Course fee includes accommodation, meals and all course materials.

Travel arrangements/visa requirements are the responsibility of delegate.

## ACI UK DEALING SIMULATION COURSE

The fastest, most interactive way to understand trading dynamics and relationships in FX & OTC markets

In association with ACI Australia

# The fastest, most interactive way to understand FX and OTC trading environments

Lectures on strategies, dynamics and behaviours are combined with intense, simulated dealing activity to provide a thorough understanding of all aspects of trading.

## Learning outcomes

At the end of the Course, you will have gained a thorough understanding of:

- Trading in FX & OTC markets including Prime Brokerage, Futures and FX Options
- Role of dealers, sales, brokers and Central Banks
- Methods and psychologies of trading
- Regulation and compliance
- Risk management
- Technical analysis

## Who should attend

- New market entrants, junior traders and sales staff
- Operations, legal and compliance teams
- Middle and back office staff
- Asset Management and Corporate Treasury personnel

Delegates sit an 'exam' on the final day of the course and receive a tailored report highlighting strengths and successes and providing invaluable insight into your trading 'style' and how you work within a team in a pressured and challenging environment.

## Unique learning experience

Guided by market practitioners, undertake the roles of Chief Dealer, Trader and Broker in intensive, hands-on trading sessions in a rigorous, simulated dealing environment.

Learn trading and pricing strategies and put them to the test with 'counterparties' representing banks, hedge funds, corporates, asset managers and Central Banks, reacting to news and economic headlines generated in 'real' time.

Work with your team in a highly competitive and exciting environment. Individual and team prizes presented at the awards dinner held at the end of the course.

Everything you learn put to the test in 'live' trading sessions

Certificates and individual and team prizes awarded at the end of the course

## What delegates say about this Course

*"The passion the organisers have for the course is incredible; the level of hands-on teaching and other content meant I learned a huge amount."*

*"I really, really recommend this Course to everyone working in the FX space... I was amazed at the speed at which I learned."*

*"The course is fantastic...it is a great way to teach newcomers to the markets in an intense environment."*

*"Very informative...covered every aspect of trading."*
